MANIPAL SCHOOL
OF ARCHITECTURE AND PLANNING
MANIPAL
(A constituent unit of MAHE, Manipal)

COURSE OUTCOMES

Bachelor of Design (Interior Design)

Programme Outcomes – B. Des (ID)

1. Interior Design Knowledge: Apply the knowledge of space planning, material technology, building services and user psychology to design projects holistically.

2. Problem Analysis: Identify interior environment issues, analyse and synthesize human experiences and behaviour patterns and apply findings to design solutions.

3. Design and Development of strategies: Design solutions that meet the specified user needs with appropriate consideration for user well-being and experience.

4. Conduct investigations of complex issues: Use research based knowledge and methods to analyse, synthesize and interpret data to generate appropriate design solutions.

5. Modern tool usage: Identify, select and apply appropriate tools and technology for understanding and designing the interior environment.

6. Interior Designer and Society: Assess the societal, health, safety, legislative and cultural issues through the knowledge and skills gained for delivering responsibilities relevant to the Interior Design profession.

7. Environment Sustainability: Understand the impact of interior design on society and environment and demonstrate the knowledge through sustainable interiors.

8. Ethics: Apply principles and commit to professional ethics and responsibilities of design profession.

9. Individual and teamwork: Function effectively as an individual and as a member or leader in diverse teams and in multi-disciplinary settings.

10. Communication: Communicate effectively with various stakeholders of the project to comprehend, document and write reports, make effective presentations, and give and receive clear instructions.

11. Project management and Finance: Demonstrate knowledge and understanding of Interior Design and management principles in individual practice as a member and a leader in a team to manage projects in multi-disciplinary environments.

12. Life-Long learning: Ability to engage in independent and lifelong learning, recognizing the need and technological advancements.
