## ABOUT US

Welcome to Manipal-TATA Medical College, Baridih, Jamshepur, East Singhbhum District, Jharkhand, a premium institution for medical education and training under a Consortium initiative between Tata Steel Limited (TSL). MAHE has been accorded Institution of Eminence by MHRD. It has created a niche for its medical education and is well recognized both nationally and internationally. There are only three Medical Colleges in the State of Jharkhand and the establishment of MTMC will help augment availability of trained Doctors, improve health care facilities, and thereby contribute to the wellbeing of the local populace. This initiative would also contribute to the increase in the medical seats for the aspirants to medical education in the State.

Under this Consortium initiative, MAHE has created necessary infrastructure for Medical College at ADMH Campus Baridih for the intake of 150 MBBS students annually on 20 acres land leased by Tata Steel Limited. TSL has assigned 981 bedded Tata Main Hospital as the Teaching Hospital for Clinical Training of MBBS Students.

This Consortium is the First Private-Private Partnership in the country which has been created in accordance with the Amendment Gazette Notification No. MCI-34(41)/2019-Med./112859, dated 14th May 2019 of the Medical Council of India. The Ministry of Health and Family Welfare Government of India and the Medical Council of India has taken this initiative for the establishment of a new medical college with the objective to enhance greater participation of the private sector to increase the number of medical colleges in the country to meet the shortfall of the Doctors and thereby augment the health care without compromising the standards of medical education.
